

**ISO-DRAIN 8 diagonal
foil thickness 600 g/m²****technical data**

material:	HDPE
colours:	black or brown
thickness:	approx. 0.6 mm
maximum foil width:	4.0 m
weight:	600 g/m ²
dimple height:	8 mm
number of dimples:	approx. 1,860 per m ²
void volume between dimples:	approx. 5.3 l/m ²
drainage capacity:	approx. 4.6 l/s/m approx. 276 l/min/m approx. 16,600 l/h//m
compressive strength:	approx. 250 kN/m ² (25 t/m ²)
service temperature range:	-40 °C to 80 °C
physiological properties:	inert to drinking water
flammability rating:	B2 according to DIN 4102

Our dimpled sheets are resistant to a wide range of chemicals, resistant to fungus and bacteria attack, impervious to root penetration, rot proof
