

Neoprene CR – Black

Ozone resistance: Moderately resistant

Weather resistance: Moderately resistant

Oil resistance: Non resistant

Benzine resistance: Non resistant

Acid resistance: Moderately resistant

Strong bases: Moderately resistant

Abrasion resistance: Non suitable

Hardness (Shore A):	65 +/-5
Specific gravity (g/cm ³):	1,5
Tensile strength:	min. 5 Mpa.
Elongation:	Min 300%
Working temperature range:	-30 to +100 degrees celcius
Load bearing capability:	Under udarbejdelse

Thickness mm	Width m	Lenght m
1	1,4	20
2	1,4	20
3	1,4	10
4	1,4	10
